SUPPLEMENTARY AGREEMENT TO THE MEMORANDUM OF UNDERSTANDING

Between

**INSTITUTE OF POSTGRADUATE
EDUCATION IN HEALTHCARE OF
THE REPUBLIC OF TAJIKISTAN,
DUSHANBE, TAJIKISTAN**

&

**FACULTY OF MEDICINE, TABRIZ
UNIVERSITY OF
MEDICAL SCIENCES, TABRIZ,
IRAN**

This Supplementary Agreement (“Supplement”) is made pursuant to the Memorandum of Understanding (“MoU”) signed between the Institute of Postgraduate Education in Healthcare of the Republic of Tajikistan, represented by Professor Muhabbatzoda J.Q., Rector, and Tabriz University of Medical Sciences, represented by Professor Sakineh Hajebrahimi, Dean of Faculty, hereinafter referred to collectively as “the Parties.”

Article 1. Purpose

The purpose of this Supplement is to establish the framework and operational details for implementing a three-month short-course observership program for healthcare professionals from the Institute of Postgraduate Education in Healthcare of the Republic of Tajikistan at Tabriz University of Medical Sciences (TUOMS).

Article 2. Program Overview

- 2.1. The observership program will be conducted in the Faculty of Medicine departments of TUOMS.
- 2.2. The duration of each program shall be up to three (3) months, with the starting dates and participant numbers determined jointly by the Parties.
- 2.3. The program will include observational learning, clinical exposure, participation in educational rounds, seminars, and academic discussions under faculty supervision.
- 2.4. The Neonatology department is prepared for training in NIDCAP (Newborn Individualized Developmental Care and Assessment Program), PALS (Pediatric Advanced Life Support), NRP (Neonatal Resuscitation Program), and screening programs for newborns.

Article 3. Financial Arrangements

- 3.1. The educational fee for each participant shall be 2,000 (two thousand) US dollars per month, payable to TUOMS.
- 3.2. The program fee covers only educational and administrative services. It does not include accommodation, meals, travel expenses, visa fees, insurance, or personal expenses, which shall be the responsibility of the participants or the sending institution.

Article 4. Responsibilities of the Parties

- 4.1. Tabriz University of Medical Sciences (TUOMS) shall:
 - Organize and conduct the observership program according to the approved schedule and curriculum;
 - Provide participants with access to relevant clinical and academic environments;
 - Issue a Certificate of Completion to participants who successfully complete the program.
- 4.2. Institute of Postgraduate Education in Healthcare of the Republic of Tajikistan shall:
 - Select qualified candidates and ensure they meet the prerequisites set by TUOMS;
 - Coordinate all administrative arrangements related to travel, accommodation, and visas;
 - Ensure timely payment of program fees.

Article 5. Implementation and Coordination

- 5.1. Both Parties shall appoint coordinators responsible for the planning, communication, and execution of the program.

5.2. All practical issues related to scheduling, participant selection, and administrative procedures shall be agreed upon in writing between the coordinators before implementation.

Article 6. Duration and Validity

6.1. This Supplement shall enter into force upon signing by both Parties and shall remain valid for the duration of the MoU signed between the Parties.

6.2. Any amendments or extensions to this Supplement shall be made in writing and signed by the duly authorized representatives of both Parties.
