

TABRIZ UNIVERSITY OF MEDICAL SCIENCES

CARRICULLUM VITAE

Afshar Zomorrodi , M.D

Professor of Urology, Imam Medical Center Tabriz Iran, TABRIZ UNIVERSITY OF MEDICAL SCIENCES

Head of kidney transplantation o f imam reza hospital , TABRIZ UNIVERSITY OF MEDICAL SCIENCES

Home telephone: 0098(411)544 7453

Mobile phone: 0914 114 7229

Email: dr_afshar@hotmail.com,dr_zomorrodi@yahoo.com

Borne: 1953 Mahabad(west azerbyjan-Iran)

Marriage: 1984

Education: Tehran university (1974-1981), Tehran –Iran,M.D

Postgraduate training: 1986-1990, urology residency, Tabriz medical science university, Tabriz – Iran

Fellowship in kidney transplantation,1992-1994,Tabriz medical science university, Tabriz- Iran

Obsrvership in kidney transplant and pediatric urology, sick kids hospital, 2001.toronto-canda

Academic position: *chief of general hospital, shoet hospital Maku-Shoet, (1981-1984)*

Assistant professor of urology, Tabriz medical science university (1991)

Education deputy of urology in urology department of imam hospital, Tabriz medical science university (1992)

Education deputy of Tabriz medical school 2003

Honors

Active Member, Iranian Urological association

Member, Iranian organ transplantation

Active member of European Urology association (EUA)

Active member of Middle East organ transplantation (MESOT)

Member and head of Renal Transplantation team, Imam reza Medical center

Research and clinical interests:

Kidney transplantation, endourology(ESWL)

- 1- Evaluation of urologic complications in 30 cases of kidney transplantation with technique of proper exposure edge of bladder mucosa and u-stich ureteroneocystostomy Transplantaiton Proceedings Vol 35 N7, November 2003.
- 2- Comparison the effect of prone and supine position on the result of ESWL in patients with the upper ureter stones Saudi journal of kidney diseases and transplantation Vol 18N2 june 2007.
- 3- Technique for allograft ureteroneocystomy to make possible transvesical endoscopic handling allograft urologic complication Saudi journal of kidney diseases and transplantationV18N3september 2007.

- 4- Evaluation double voiding post removing urethral catheter in kidney recipients with jj in allograft ureter Saudi journal of kidney diseases and transplantation, VOL 18N4 december2007.
- 5- Effect of extra luminal endothelial independent vasodilator papaverine on the lilac vessel of kidney recipient Arab Journal of urology Vol4N4december2006.
- 6- Instillation of povidone iodine to treat lymphocele and leak of lymph Saudi journal of kidney diseases and transplantation *Vol18N4december 2007.*
- 7- Evaluation blood flow by colour Doppler ultrasound in two group's allograft renal artery that anastomosed with two different techniques Saudi journal of kidney diseases and transplantationVol19N1March2007.
- 8- An unusual cause of renal colic and non functioning kidney: hydatiduria International medical journal, Vol5N1, June 2006.
- 9- Effect of Diuretics on Ureteral Stone Therapy with Extracorporeal Shock Wave Lithotripsy [pg.397] Saudi journal of kidney diseases and transplantationVOL19 issue3May-June 2008.
- 10- Modified Anterior Abdominal Donor Nephrectomy in Comparison with Laparoscopic Donor NephrectomySaudi journal of kidney diseases and transplantation Feb;19(1):102-4. (2008).
- 11- Is Antibiotic Usage Necessary after Donor Nephrectomy? A Single Center Experience Saudi journal of kidney diseases and transplantation Mar-Apr;19(2):200-5. (2008).
- 12-Debulking transplant nephrectomy leaving an intact ureter and instillation of betadine intracapsular is safe nephrectomy: Fifteen years' experience, transplantation proceeding. Jan-Feb; 40(1):205-7.2008.
- 13- Viable testis after retroperitoneal mass cord ligation in internal ring of inguinal canal in 15 kidney recipients: five years of experience. Transplantation proceeding. Jan-Feb;40(1):208-9.2008
