2- “Fetal liver calcifications” 16th Iranian congress of obstetrics and gynecology, The Iranian Association Of Gynecologists And Obstetricians, October 2018.

3- “Etiologies and outcomes of IUTs in Alzahra hospital” 16th Iranian congress of obstetrics and gynecology, The Iranian Association of Gynecologists and Obstetricians, October 2018.

Conference presentations (National):

1-“Neonatal Individualized Developmental Care and Assessment Program(NIDCAP)” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, June 2014.

2-“Neonatal Individualized Developmental Care and Assessment program (NIDCAP)” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, February 2015.

3-“HRT and pelvic disorders” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, February 2015.

4-“Infertility” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, January 2015.

5-“Medical disease during pregnancy” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, January 2015.

6-“Gynecologic disorders” Scientific secretary of Continuing Medical Education Course. Tabriz University of medical sciences, January 2015.

7- “Problems of breast feeding”, workshop of breast feeding promotion, February 2018.

8- “ Pulmonary emboli” ,conference on approach to pregnant patient in the ICU and common obstetric disorders, April 2018.

- 9- “ **Normal labor and delivery**” Continuing Medical Education Course on labor analgesia. June, 2018.
- 10- “**Doppler in IUGR**” ,Conference 4th on Ultrasound in pregnancy ,January, 2018, Conference Secretary: Prof. Simin Taghavi, Tabriz University of medical sciences.
- 11- “**Evaluation and management of women with sexual disorders**” Seminar of Sexual disorders in women, Tabriz University of medical sciences. November 2017.
- 12- “**Physiology of milk production** “, Continuing Medical Education Course on breast feeding promotion, June 2017.
- 13- “**Breast disease interfering with breast feeding** “,Continuing Medical Education Course on breast feeding promotion, June 2017.
- 14- “**Breast disease**” seminar of breast feeding promotion, December 2017
- 15- “ **Supplements in pregnancy**”, conference on medication during pregnancy. December 2017.
- 16- “**Ultrasound in pregnancy**”, scientific conference, Tabriz University of medical sciences, November 2017.
- 17- “**Immediate breast feeding after birth**” Scientific secretary of the conference, August 2017.
- 18- “**Fetal aneuploidy screening**” Scientific secretary of the conference. Tabriz University of medical sciences, November 2017.
- 19-“**Management of high risk deliveries**” scientific conference, Tabriz University of medical sciences, MAY 2017.
- 20-“**Protecting, promoting and supporting of breast feeding**” Continuing Medical Education Course, Tabriz University of medical sciences, July 2017.
- 21- “**Protecting, promoting and supporting of breast feeding**” Breast feeding seminar, Tabriz University of medical sciences, January 2018.
- 22- “**Logical prescribing of drugs in pregnancy**” Continuing Medical Education Course, Tabriz University of medical sciences, January 2018.

23-**“Management of critical pregnancies” Continuing** Medical Education Course, Tabriz University of medical sciences, April 2018.

24-**“Analgesia and sedation during labor”** Medical Education Course, Tabriz University of medical sciences, May 2018.

25-**“Analgesia and sedation during labor”** Medical Education Course, Tabriz University of medical sciences, August 2018.

Research Projects:

1- Comparison of early postpartum glucose tolerance test and after 6 weeks postpartum test in patients with gestational diabetes mellitus.

Women’s reproductive health research center, Tabriz University of Medical Sciences, accepted in September 2017.

2-“Effect of Cydonia Oblonga in prevention of preterm delivery in pregnancies after one episode of preterm labor suppression (RCT)”,

Women’s reproductive health research center, Tabriz University of Medical Sciences, accepted in September 2018.

Supervision of Thesis:

1- Effects of antenatal corticosteroid therapy on biophysical profile parameters: a systematic review and meta-analysis. Dr Solmaz Vazifekkhah, Fellowship of Maternal Fetal medicine. Tabriz University of Medical Sciences. Graduated in 2017.

2-“Effect of caffeine and aquatic stimulation in BPP duration” Dr Roghieh Zare, Fellowship of Maternal Fetal medicine. Tabriz University Tabriz University of Medical Sciences. Started in October 2018.

3- **“Associations of birth weight with fetoplacental Doppler indices in multiparaus and nuliparaus women”** Frnaz rad saied, resident of Obstetrics and Gynecology thesis, started in May of 2018, Tabriz University Tabriz University of Medical Sciences.

4- **“The incidence and prevalence of cervical cancer: a systematic review and meta-analysis”** Seied Abolfazl Mortezaazadeh Fard, Medial doctorate thesis, Graduated in September 2018. Tabriz University Tabriz University of Medical Sciences.

5-**“Indications of pregnancy termination in patients with preterm premature rupture of membranes and its association with neonatal and, maternal complications”** Saied Najafi, Medial doctorate thesis, started in September 2018. Tabriz University Tabriz University of Medical Sciences.

6-**“Comparision of cord ABG in infants born through meconium-stained amniotic fluid and clear amniotic fluid in vaginal delivery”** Maryam Hosseinzadeh, Medial doctorate thesis, started in February 2018. Tabriz University Tabriz University of Medical Sciences.

Advisor of Thesis:

1-**“Obstetric, prenatal and fetal outcomes in pregnancies with false positive result of chromosomal aneuploidy screening test”** Arezoo Alimohammadi, resident of Obstetrics and Gynecology thesis, thesis defense in May of 2018, Tabriz University Tabriz University of Medical Sciences.

2-**“The effect of probiotic yogurt and conventional yogurt in control of blood glucose and outcomes of pregnancy in women with gestational diabetes who were referred to Alzahra and Taleghani hospitals in Tabriz”** Metanat Mosen, resident of Obstetrics and Gynecology thesis, thesis defense in June of 2018, Tabriz University Tabriz University of Medical Sciences.

3-**“Health practices in adolescent pregnant women, a sequential explanatory mixed method study”** Tahereh Hadian Doolat Abadi, Phd of

reproductive Medicine, started from September 2018. Tabriz University of Medical Sciences, faculty of nursing and midwifery.

Skills: Fetal ultrasound, Gynecologic ultrasound, Fetal procedures (IUT, CVS, Amniocentesis), Obstetric and Gynecologic surgeries, research.
