

Curriculum Vita (CV), 2023

Name: Mohammad Kazem

Last Name: Tarzamani (Tarzamni)

Address: Radiology Department, Imam REZA hospital, Gholghasht Ave., Tabriz, IRAN

Postal Code: 5166614756 Tel/Fax: +98 41-333455941

Academic Affiliation: Department of Radiology, Tabriz University of Medical Sciences, Tabriz, Iran

E-mail: tarzamni@tbzmed.ac.ir

Mk.tarzamni@gmail.com

Scholar google link:

<https://scholar.google.co.in/citations?user=O6b3PfgAAAAJ&hl=en>

ORCID: <https://orcid.org/0000-0002-8226-1014>

Phone no.: +989141149012

Education:

- 1) General Medicine: Islamic Azad Tabriz University of Medical Sciences, Tabriz, IRAN, 1986-1993
- 2) Board certified in Radiology, Tabriz University of Medical Sciences, Tabriz, IRAN, 1996-1999

Positions:

1. Professor of Radiology, Imam REZA Medical Center, Radiology Department, Faculty of Medicine, Tabriz University of Medical Science, Tabriz, IRAN.
2. Member of the Research Council of the Faculty of Medicine
3. Head of Ultrasonography and Color Doppler ward of Imam REZA Medical Center
4. Member of Medical Ethics Department of Tabriz University of Medical Sciences
5. Member of the Policy Council of the Iranian Society of Radiology
6. Member of Radiology Research Team
7. Member of the Board of Radiology of Iran
8. Member of Neurological Research Center of Tabriz University of Medical Sciences
9. Member of the audit committee of Tabriz University of Medical Sciences
10. Research Assistant, Department of Radiology, Tabriz University of Medical Sciences
11. Member of Iranian society of Radiology
12. Member of the crisis team of Tabriz Imam Reza Educational and Medical Center

Honors

-  Gold medalist of Iranian society of Radiology on the occasion of 35th Iranian congress of radiology, Tehran, Iran, 2019.
-  Selected as the best radiologist in Iran on the occasion of 12th educational festival of Shaid Motahari

- 12) Mahdi Farhoudi, Mohammadkazem Tarzamani, Khandan Ghannadi Emami. Correlation between Transcranial Doppler (TCD) and Carotid Duplex Results, Journal of Ardabil University of Medical Sciences. 2006: 6(20): 163- 169.

Thesis Supervision (Persian):

- 1) Reference ranges for doppler parameters of fetal aortic isthmus during the second half of pregnancy, 2021.
- 2) Evaluation of gallbladder wall thickness and bile volume in fasting and postprandial patients and it's emptying velocity in patients with irritable bowel syndrome and compare with control group, 2021.
- 3) Diagnostic Accuracy of offline Lung Perfusion SPECT/CT in Diagnosis of Pulmonary Embolism, 2020.
- 13) The comparison of gray-scale and Color-Doppler ultrasonographic findings with chemical biomarkers in children with fatty liver, 2020.
- 4) Diagnostic value of strain elastography in differentiation of benign than malignant breast masses and its correlation with findings from histopathology, 2020.
- 5) Correlation between phallus angle and other sonographic parameters with gender of fetus in first trimester, 2019.
- 14) Relationship between onset of Quadriceps muscle atrophy with inflammatory markers among ICU patients under mechanical Ventilation, 2019.
- 15) Sensitivity and specificity of ultrasonography for determining the severity of knee osteoarthritis, 2019.
- 6) Diagnostic value of color Doppler twinkle artifact in renal stones, 2019.
- 7) Evaluation the value of Diffusion Weighted MRI in the differential diagnosis of liver cystic lesions, 2019.
- 16) Evaluation of 99mTc-GHA and 99mTc- DMSA scan's findings in diagnosis of renal cortical in suffering UTI patients, 2019.
- 8) Evaluation of the supplemental sonographic results in women with Dense Breast in screening mammography, 2017.
- 9) Comparison between test bolus curve and reflux of contrast medium into the inferior vena cava on CT pulmonary angiography: assessment of prognosis in pulmonary embolism, 2017.

- 10) Investigating types and frequency of vascular findings in pulmonary CT angiography of baker females with pulmonary complaints in comparison with patients with chronic obstructive pulmonary disease, 2016.
- 11) The study of diagnostic accuracy ultrasound compared with CT scan findings of pediatric blunt abdominal trauma, 2016.
- 17) Evaluation of relationship between Infrarenal Aortic diameter and Aortic bifurcation level with Disc Degeneration by MRI, 2016.
- 18) Correlation of sonographic and color Doppler findings with urinary sediment and pathologic findings in Unexplained renal impairment, 2016.
- 19) Ultrasound measurements of recto sigmoid index and evidence of hirschspung's disease in comparison with barium enema finding and result of surgery and pathology finding on children with suspected hirschspung's disease, 2016.
- 12) Complementary role of non-ECG gated 64-slice multidetector Computed Tomographic Angiography with echocardiography in diagnosis of congenital heart disease, 2016.
- 13) Correlation between echocardiography and computed tomography pulmonary angiography findings in determining outcome in pulmonary embolism, 2015.
- 14) Duodenal Diverticulum; Endoscopic Retrograde Cholangiopancreatography; Multi-detector Computed Tomography, 2015.
- 20) Evaluation of success rate of imaging guided percutaneous drainage of abdomino- pelvic and liver collections, 2015.
- 21) Evaluating of the Results of Ultrasonography in terms of lymph node involvement before Thyroidectomy and its Comparison with Pathology Results after Thyroidectomy in non-medullary thyroid cancer patients, 2015.
- 15) Correlation between the ratio of descending aortic enhancement to main pulmonary artery enhancement and outcomes in patients with massive or sub massive pulmonary embolism, 2014.
- 22) Accuracy of color Doppler ultrasound compared with Elastography in the diagnosis malignancy of thyroid nodules with suspicious fine-needle aspiration biopsy (FNAB), 2014.
- 23) Triple contrast abdominopelvic CT scan results in patients with blunt abdominal trauma referred to emergency department of Emam Reza hospital, 2014.
- 24) A Comparison between detection values of sonography and X-ray graphy in bone age estimation in children younger than 6 years old, 2014.
- 25) Determination of anatomical variation of left main coronary artery using 64 multi detector computed tomographic angiography in patients with chest pain candidate for stenting, 2013.
- 26) Correlation between ultrasonography and laboratory findings in children with acute appendicitis, 2013.

- 27) Transcranial doppler parameters in acute intracerebral hemorrhage during the first and fifth days, 2011.
- 28) The accuracy of chest CT scan finding in differentiating of exudative from transudative pleural effusion, 2011.
- 29) Diagnostic value of sonography and MRI in ulnar nerve entrapment, 2011.
- 30) Correlation between prostatic transrectal ultrasound findings and biopsy results, 2009.
- 31) Comparison of multidetector Computed Tomography(CT) angiographic findings with operative findings of renal vasculature in living renal donors, 2008.

Local Lectures

- Principles of Color Doppler Ultrasound for General Practitioners
- Ultrasound principles and techniques for first year residents
- Color Doppler ultrasound principles and techniques for second- and third-year residents
- Color Doppler ultrasound practical training
- Practical training of women's ultrasound
- CT-scan interpretation training
- Color Doppler training for radiology specialists
- Interpretation of paramedical radiographs

Seminars (as presenter and invited lecturer)

- Advanced course of fetal abnormalities sonography, Imam Khomeini hospital, Tehran, Iran, 2009.
- Multi-slice CT scan workshop, Isfahan university of medical sciences, 2008.
- Imaging in portal HPN, ICGH, Isfahan, Iran, 2008.
- One-day conference on laryngeal tumors, Tabriz university of medical sciences, 2007.
- One-day conference on brain death and organ transplantation, Tabriz university of medical sciences, 2006.
- Diagnostic chest imaging cruise program, Tabriz university of medical sciences, 2006.
- One-day conference of angiography and interventional radiology, Tabriz university of medical sciences, 2006.

- Color Doppler workshop, Zahedan university of medical sciences, 2006.
- Color Doppler workshop, Isfahan university of medical sciences, 2006.
- Interim Congress of the Society of Iranian Surgeons, Tabriz university of medical sciences, 2006.
- Teaching vascular Doppler principles at Zahedan university of medical sciences, 2006.
- One-day neuroradiology program, Tabriz university of medical sciences, 2005.
- One day ultrasound program, Tabriz university of medical sciences, 2005.
- Color Doppler sonography training workshop, Alzahra hospital, Tabriz, Iran.
- Radiology seminar for general practitioners, Tabriz university of medical sciences, 2004.
- Scientific meeting of Urology Association, East Azerbaijan Urology Association, 2004.
- One-day prenatal program for congenital anomalies, Tabriz university of medical sciences, 2004.
- One-day program for gallstones and bile ducts, Tabriz university of medical sciences, 2004.
- Radiation protection training course, East Azerbaijan provincial health center, 2004.
- Radiology codified program, Tabriz university of medical sciences, 2003.
- Codified program of women and midwifery sciences, Tabriz university of medical sciences, 2003.
- Internist codified program, Tabriz university of medical sciences, 2002.
- Fetal anatomy, CT angiography and temporal bone disease teaching, Kerman university of medical sciences, 2002.
- Ultrasound workshop, Golestan hospital, Ahvaz, Iran, 2002.

Conference articles

- Evaluation of transcranial doppler parameters in acute intracerebral hemorrhage during the first and fifth days, ECR 2012.
- Study on sensitivity of Sonography for diagnosis of Carpal Tunnel Syndrome (CTS), ECR 2012.

- Evaluation of transcranial doppler parameters in acute intracerebral hemorrhage during the first and fifth days, ECR 2012.
- Correlation of atherosclerotic changes in peripheral arteries with pathological involvement of aortic arch in patients who undergoing coronary arteries bypass, ECR 2011.
- Peripheral arterial involvement relation with atherosclerosis severity and serum endothelin-1 and high sensitivity C-reactive protein level in chronic renal failure patients, ECR 2011.
- Multidetector computed tomographic angiography in evaluation of donor's renal artery and vein pattern, ECR 2010.
- Origination angel of renal don't affect renal artery early branching or accessory artery pattern, 11th Asian pacific congress of nephrology, Kuwait, 2008.
- Anatomic difference in right and left renal arterial patterns: 64 multi slice CT angiography findings, 12th Asian Oceania congress of Radiology, Korea, 2008.
- Sixty-four slice MDCT for the diagnosis of acute pulmonary embolism, Congress of lung diseases, 2007.
- Color Doppler findings in transplanted kidney and remnant kidneys of donors 6 to 12 months after kidney transplantation, 10th congress of the Middle East society for organ transplantation, 2006.

Other activities

- ✚ Many other theses supervision
- ✚ Many other conferences article
- ✚ Contributing in many research projects
- ✚ Clinical experience of more than 1000 breast biopsy
- ✚ Clinical experience of more than 1000 FNA
- ✚ Clinical experience of more than 3000 prostate biopsy

Language skills
