

In the name of god

## **Curriculum Vita**

Name : Mohammad

Family name : Aghazadeh

Date and place of birth 1958 (1337) Tabriz Iran

Identity card number : 59

National number :

Medical discipline number

Medical status : married

Field : Medical microbiology

## **Tale**

Work Address : Department of Microbiology faculty of medicine, Tabriz university of medical sciences, Tabriz. T.R. Iran. Telefax :009-411-3364661

E.mail: [M.Aghazadeh@Yahoo.Com](mailto:M.Aghazadeh@Yahoo.Com)

Education : B.Sc in biology Tabriz university , Iran 1980 (1359) , M.Sc. in Medical Bacteriology Tehran Tarbiat Modarres university, 1986 (1365 ) , Ph.D in Medical microbiology, Tarbiat Modarres university, Tehran Iran, 1996 ( 1375 ).

Professional employment : since 1986 I worked as lecture of microbiology in different universited and later from 1996 my university grade changed to assistant professor.

## **Papers :**

1. M.Aghazadeh, S.Amini, M.Mahmoodi, M.H.Rostaie.Prevalence of Hepatitis B (H B V ) and Human T Iymohotropic Virus Type 1 ( HTLV-1) infections amongst HBS-Ag carrier Families in East Azarbaidjaan and Ardabil provinces. Med j Tabriz Univ of Med sciences and Health services 1997:31 (1376).

2. M.Aghazadeh, S.amini, M.Mahmoodi.

Prevalence of HTLV-1 infections amongst HBS-Ag carrier families in East Azarbaidjan and ardabil provinces.

Birdjand university of medical sciences and health Services 21 – 28 April (abstracts book) 2001 .

3. M.Aghazadeh, S.Amini, M.Mahmoodi.

The prevalence of Hepatities B virus infection amongst HBS-Ag carrier families in the population of two provinces of iran.

2<sup>nd</sup> congress of Blood and related diseases. Pasteur institute of iran jan 192,3 1996.

4. M.Aghazadeh and S. Amini. HBS-Ag carriers and prevalence of Hepatities B virus infection in Azarbaidjan and ardabil provinces J. of basic scince in Medicine tabriz university of Medical Scinces. Vol 1, no 1, Spring and summer.1998.

5. M.Aghazadeh, A. Shirzad and M.Pazhohandeh. Electrotherapy a new Aspect for Hiv and other viruses. 1 th microbiological News seminar Ghoom Medical Islamic universitu Dec.26.2003.63

6.Mohammad Aghazadeh, Mohammad Rahbar, Mohammad Kabeh Monavvar, fatemeh savaheli Moghadam, Mahmood Yaghoobi. Invitro activity of Tigeycline

against strains of Methicillin Resistant staphylococcus aureus isolated from wound and soft tissue in an Iranian 1000 bed tertiary hospital. ( آماده چاپ )

7. Shirzad,A. , Pazhouhandeh,M , Aghazadeh,M.

Economical culture medium for potato micro.

Propagation in safe seed production program.

( سومین کنگره علوم باغبانی ایران ۱۲ - ۱۰ شهریور ۱۳۸۲ )

8. Shizad Akbar, Pazhouhandeh Maghsoud and Aghazadeh Mohammad.

New aspects of potato viruses electrotherapy.

The 12<sup>th</sup> EAPR virology section meeting , Rennes france 2004 .

۹. محمد آقازاده ، اکبر شیرزاد، مقصود پژوهنده.

الکتروتراپی روش جدید برای درمان Hiv و سایر ویروسها ، خلاصه مقالات ، اولین همایش تازه های میکروبیولوژی واحد قم ۲۶ آذرماه سال ۱۳۸۲ .

---

### **Talks in retraining schedules :**

1. Application of new techniques in diagnosis and rapid Detection in infections of the skin , joints, bones and burns. In : Bacteriologh retratining conference, Tabriz, iran 2002 .

2. HBV infections amongst HBS – Ag carrier families in East Azarbaidjan and Ardabil provinces. In: Retraining schedules for laboratory sciences specialists and professional doctors, tabriz, 1999.

3. Drug resistance, serotypes and epidemiology of pseudomonas aeruginosa inS burns and other surgical patients.

In: Retraining Schedules for laboratory Sciences specialists and professional doctors, Tabriz.iran 1998.

Research projects:

1. Comparative PCR and other Detection methods in Brucella infections.
  2. New Aspects of potato viruses Electrotherapy.
  3. Sensitivity of pseudomonas aeruginosa to antibiotics, serotyping and study of in- vitro activities of hospital isolated from burns and urinary tract infections.
- 

## **Executive activities :**

1. Director of clinical microbiology in Tarbiat Modarres university 1986.
2. Director of clinical microbiology in zanzan Medical sciences. 1987.
3. Director of clinical microbiology laboratory in 7<sup>th</sup> tir hospital .
4. Director of Jihad Sazandaghi in Tabriz- Ghoghan. 1978.
5. Director of Jihad Sazandaghi in East Azarbaydjan. 1979-1982.
6. Director of Tabriz teacher training university. 1988-1992.
7. Assistant of calcural and student in Tabriz Medical science university. 1998.
8. Director of Azarbaidjan teacher training university. 1998.
9. Director of microbiology in faculty of medicine.

## Attendance in courses :

1. The first workshop on molecular neuroimmunopsychology organized by National Research center for Genetic Engineering and biotechnology 7-11 June 2003, Tehran,Iran.
2. Gene eupression in Eukoruotic cells, molecular analysis of Gene products. By national Research center for genetic Engineering and biotechnology, in Tehran – iran from 26 – 31 July 1997.
3. In vitro transcription, m RNA translation and protein synthesis. With was held at national research center for genetic engineering and biotechnology in Tehran – Iran from 21 oct 1995 – 26 oct 1995 .

۴ - کارگاه بیماریهای مقاربتی ( STI )

همایش سراسری ایدز و STI ، دانشگاه علوم پزشکی و خدمات بهداشتی و درمانی بیرجند ، مرکز مطالعات و توسعه آموزش پزشکی ۲۷-۲۸ اردیبهشت ماه سال ۱۳۸۰ .
