

Curriculum Vitae

Name: Fatemeh

Last Name: Tabatabaei

Address: Tabriz University of Medical Sciences, Tabriz, Iran

Phone: 09143092844

E-mail: drtabatabaeigyn@gmail.com

Sex and Marital Status: Female/ Married

Birth Date: 1355/12/01

Education:

-) **Medical Doctor, Tabriz University of Medical Sciences**
-) **Obstetrics & Gynecology, Tabriz University of Medical Sciences**
-) **Fellowship of Gynecologic Laparoscopic Surgeries, Tehran University of Medical Sciences**

Licensure: License in Minimally Invasive Gynecology

Honors/Achievements:

-) **The first rank of fellowship exam in Tehran University of Medical Sciences (Jun – 2015)**

Academic Positions:

-) **Assistant Professor of Tabriz University of Medical Sciences**

Teaching Experiences:

-) **Hematologic Diseases in Pregnancy**
-) **Surgical Procedures in Gynecology**

-) **PCOS; Definition, Diagnosis and Treatment**
-) **The Principles of Gynecologic Laparoscopy**
-) **The Principles of Hysteroscopy**
-) **Endometriosis, Surgery versus Medical Treatment**
-) **Laparoscopic Myomectomy**
-) **Endoscopic intervention in Uterine Anomalies**
-) **Laparoscopic Myoma Morcelation & Uterine Sarcoma**
-) **Ectopic Pregnancy**
-) **Molar Pregnancy**
-) **Prenatal care**
-) **Contraception**
-) **AUB; Definition, Diagnosis and Treatment**
-) **Several Video Presentations in Endoscopic Surgeries**
-) **Three Days Laparoscopic seminar with Live Surgeries**
-) **Labor management**
-) **Chronic HTN**
-) **Tubo-ovarian abscesses, New Achievements in Diagnosis & Therapy**
-) **Hysteroscopic Media**
-) **Several Basic Laparoscopy and Hysteroscopy Workshops**
-) **Ovarian Masses**
-) **Bowel Preparation in major Surgeries**
-) **Urologic Complications of Laparoscopic Hysterectomy**

Research Interest:

-) **Laparoscopic Surgeries**
-) **Hysteroscopy**
-) **Minimally Invasive Gynecology**
-) **Laparoscopic oncology**

Publications in International Journals:

1- Ovarian reserve after laparoscopic salpingectomy compared with laparoscopic salpingostomy assessed by serum anti mullerian hormone level in patients with tubal ectopic pregnancy. *Acta medica mediterranea*, 2019, 35: 967

2-A rare reason of abnormal uterine bleeding. *Acta Medica Iranica*, Vol. 55, No. 9 (2017)

3-Evaluation of the effect of preemptive administration of *Rosa damascena* extract on post-operative pain in elective cesarean sections. *African Journal of Pharmacy and Pharmacology* Vol. 5(16), pp. 1950-1955, 29 October, 2011

4-Port Site Hernia with Presentation of Increasing in Creatinine. *Case Reports in Clinical Practice*. Vol 3, No 1, 2018

5-A Comparative Study between Transcutaneous Electrical Nerve Stimulation and Fentanyl to Relieve Shoulder Pain during Laparoscopic Gynecologic Surgery under Spinal Anesthesia: A Randomized Clinical Trail. *Pain Research and Management*. Volume 2018, Article ID 9715142, 7 pages.

6-Idiopathic intracranial hypertension after hysteroscopic evaluation of abnormal uterine bleeding. *Journal of Evolution of Medical and Dental Sciences* 8(3):223-226 · January 2019

Publications in Iranian Journals:

1-Port Site Hernia with Presentation of Increasing in Creatinine. *Case Reports in Clinical Practice*. Vol 3, No 1, 2018

2-A Rare Reason of Abnormal Uterine Bleeding. *Acta Medica Iranica*, Vol. 55, No. 9 (2017)

Conference presentations (International):

1-An unexpected reason for prolonged postpartum discharge.

International Congress of Obstetrics & Gynecology, Tehran 07 OCT 2016.

2-Urinary tract injury in laparoscopic hysterectomy.

International Congress of Obstetrics & Gynecology, Tehran 22 Jan 2017.

3-A case report of an undifferentiated endometrial sarcoma in a young woman.

International Congress of Obstetrics & Gynecology, Tehran 11 OCT 2015.

۴-نتایج درمان انتظاری در بیماران با هیپر تانسیون شدید در بارداری - کنگره بین المللی
زنان و مامایی ایران - ۱۷ اکتبر ۲۰۱۴

Conference presentations (National):

The basic principles of minimally invasive gynecology.

National seminar of Obstetrics & Gynecology, Tabriz 02 Mar 2018.

Research Projects:

1-Ovarian reserve after laparoscopic salpingectomy compared with laparoscopic salpingostomy assessed by serum anti mullerian hormone level in patients with tubal ectopic pregnancy.

2-A Comparative Study between Transcutaneous Electrical Nerve Stimulation and Fentanyl to Relieve Shoulder Pain during Laparoscopic Gynecologic Surgery under Spinal Anesthesia: A Randomized Clinical Trail.

3-Evaluation of the effect of preemptive administration of *Rosa damascena* extract on post-operative pain in elective cesarean sections.

Skills:

1-Minimally invasive gynecology

2-Endoscopic surgical techniques & methods

3-Obstetric gynecology

Member of Associations:

) National Association of Iranian Obstetricians & Gynecologist (NAIGO)

) Iranian society of minimally invasive gynecology (ISMIG)
