

Pediatrics Department, Faculty of Medicine, Tabriz University of Medical Sciences

Mirhadi Mousavi.MD

Neonatologist

Date of Birth: 04/09/1978

First Language: Farsi

Second Language: Azari, English

Mobile: +989143141230

Tel & Fax: + 984135262278

Mirhadimousavi33@yahoo.com

EDUCATION:

- General Medicine, M.D, 1986-1993
University of Medical Sciences, Bandar Abass, Iran
- Pediatric & neonatal Specialty, 1999 – 2002
University of Medical Sciences, Urmieh, Iran
- Neonatology subspecialty, 2007 – 2009
Kerman University of medical Sciences, Kerman, Iran

Work and Experience:

- Dean of The Faculty of Medicine 2012 - 2014
- Member of Education council 2011 -2013
- Assistant professor of Neonatology, Department of Pediatrics, Faculty of Medicine, Tabriz University of Medical Sciences, Tabriz, Iran
- Head of Talent Students office, University of Medical Sciences, Tabriz, Iran
- Head of faculty members Educational Evaluation Group
- Chief of Pediatrics Teaching Hospital, Tabriz, Iran

Membership:

- Manuscript reviewer for Iranian Journal of Pediatrics
- Manuscript reviewer for Iranian Journal of Neonatology
- Manuscript reviewer for International Journal of Pediatrics

- Iranian National Medical Council
- Iranian Community Neonatologist Society

RESEARCH PROJECTS

- The effect of continuous heparin infusion on duration of peripherally inserted central catheter patency in preterm neonates
- Predictive Value of serum level of B type natriuretic peptide in neonatal sepsis
- Study on etiology and clinical features among neonates admitted in NICU Tabriz Iran
- Study CT, Sonography and EEG finding in neonates with seizure in Tabriz Pediatric Hospital
- Cause of neonatal mortality in the neonatal intensive unite of talegani Hospital 2013-2017
- Evaluation of mortality causes in Mostapha Khomeini Hospital, Ilam, Iran
- Evaluation of red reflex sensitivity in neonatal eyes problem
- Evaluation of bacteriological etiology of neonatal sepsis in NICU of Tabriz Alzahra Hospital in 2017
- Investigate various strategies for weaning nasal continuous positive airway pressure in premature neonates with respiratory distress syndrome
- Comparison of the effect of remifentanyl plus atropine with fentanyl and remifentanyl alone on preterm infants' vital signs in non-emergency intratracheal intubation

Publication:

- Comparison of the efficacy of nebulized L-adrenalin, salbutamol and normal saline in acute bronchitis: A randomized clinical trial.

MJIRI 2005; 19(2):119-125

- Determining the correlation and accuracy of three methods of measuring neonatal bilirubin concentration. Original article

Iranian Journal of Pediatrics. 2013; 23 (No 3)

- Hypopituitarism in neonate with hyperbilirubinemia and decreased level of consciousness: a case report study.

Acta Med.iranica. 2014; 52(1): 82-84.

- Effects of Metoclopramide on Feeding Intolerance among Preterm Neonates; a Randomized Controlled Trial.

Iranian Journal of Pediatrics 2014; 24 (5): 630-636

- The Evaluation of Red Reflex Sensitivity and Specificity Test among Neonates in Different Conditions.

Iranian Journal of Pediatrics 2014; 24 (6): 697-702

- Application of lidocaine spray for tracheal intubation in neonates - a clinical trial study

Iranian Journal of Pediatrics 2015; 25 (1) : e245

- Comparison of the Efficacy of Three Natural Surfactants (Curosurf, Survanta, and Alveofact) in the Treatment of Respiratory Distress Syndrome Among Neonates: A Randomized Controlled Trial

Iranian Journal of Pediatrics 2016 October; 26(5):e5743

- Effects of Nebulized Albuterol in Transient Tachypnea of the Newborn. A Clinical Trial.

Iranian Journal of Pediatrics 2017 June; 27(3):e8211.

- The relationship between neonatal factors and involving with glucose-6phosphate dehydrogenase deficiency (G6PD) and patients' outcome in Fars

- Province

J Bas Res Med Sci 2018; 5(1):15-21

- The Impact of Early Discharged of Stable Preterm Neonates with Home Gavage Feeding; A Case Control Stud.

Int J Pediatr 2018;6(2) :(7141-7149)

- Prevalence of intrauterine growth retardation and its related risk factors in Ilam province in the year

IJOGI, Vol. 20, No. 10, pp. 95-104, Dec 2017

- Performance Compatibility of NICU Nurses in Blood Culture Procedure

Journal of Research in Medical and Dental Sciences 2018; 6(3): 307-312

- Performance of Neonatal Intensive Care Unit Nurses in Blood Culture Procedure in Tabriz Hospitals in 2016

Iranian Journal of Neonatology 2019; 10(1)

- First Report of Congenital Short Bowel Syndrome in an Iranian Patient Caused by a Mutation in the CLMP Gene

Journal of Pediatrics genetics 2018;26

- Maternal and Neonatal Effect of Fentanyl as A Premedication before Induction of General Anesthesia in Cesarean Surgery: A Systematic Review and Meta-analysis of Randomized Clinical Trials

Current Women`s Health Reviews 2020;15(4)

- A survey of Compliance of Kangaroo Mother Care with the Standards of the Ministry of Health and Medical Education in Premature Infant.

Iranian Journal of Pediatric Nursing (JPEN) 2021, Volume 7, Issue 2

- The evaluation of risk factors related to the birth of premature infants in a case-control study

Journal of Advanced Pharmacy Education & Research 2019; 9(S2):120-125.

- Investigation of the Maternal and Neonatal Factors Affecting the Apgar score of Newborns: A Case-Control Study
Int J Pediatr 2021; 9(6): 13737-746

- Brain CT Scan, Sonography and EEG Findings in Neonates with Seizure
 - *Iran J Child Neurol. Summer 2022 Vol. 16 No. 3*

- An Evaluation of Predictive Factors for Pulmonary Valve Replacement after Total Correction in Children with tetralogy of Fallot.
Int J Pediatr 2023; 11 (07):18055-18067

- Early Surgery Outcomes in Congenital Aortic Valve Stenosis in Children: A Cross-Sectional Study
Int J Pediatr 2023; 11 (06):17868-17877
