Tabriz.Iran

Fellowship of pediatric urology

**Behzad Lotfi MD**

Associate Professor of urology department of Tabriz University of medical science. Tabriz.Iran

Fellowship of pediatric urology

**Course duration:** 3-6 month

**Venue:** Mardani Azar pediatric teaching hospital.

**Course description:** Pediatric urology has been a well-established field worldwide for many years, focused on the diagnosis and surgical treatment of urologic conditions in children. Pediatric urologists are trained to provide compassionate and comprehensive care for patients, using minimally invasive techniques whenever possible to ensure the best possible outcomes. The goal is to provide timely and appropriate care for urological conditions in children, with an emphasis on minimizing long-term complications and improving overall health and quality of life.

Interactive theoretical training combined with hands-on training under expert tutorial will provide course participants the tools they require to improve their skills.
